

## Smart Phone Use Policy

California Assembly Bill 272 added Education Code section 48901.7 to the law in 2020 which allows schools to adopt a policy to limit or prohibit the use of smartphones and/or wearable technology, such as smartwatches, by students while at school. Beginning on September 1st of this 2022-2023 school year, Bullard will become a Smart Phone free learning environment. Our goal is to improve the climate and culture in our classrooms and on campus by eliminating Smart Phone distractions during instructional time. Students will keep their Smart Phones in pouches during the school day. Any student who does not own a Smart Phone must have a signed letter on file stating that a Smart Phone will not be brought to school. Students will place their Smart Phone in the pouch at the start of each school day and will be able to access their phone after their last class has ended. Smartwatches that have the ability to connect to cell service may also be asked to be placed in pouches at the start of the school day. Students must be in possession of their pouch at all times during the school day, even if they do not bring their phones to school. Unlocking/locking stations will be strategically located around campus and in every office. Students will be charged a \$20 replacement fee if the pouch is lost or damaged, just like they would for a textbook.

### **Exceptions for student use of Smart Phones at school include:**

- (1) In case of an emergency, or in response to a perceived threat of danger. In such case students may unlock their pouch once they have reached safety.
- (2) When a teacher or administrator grants permission to a student to possess or use a Smart Phone, subject to any reasonable limitation imposed by the teacher or administrator.
- (3) When a licensed physician or surgeon determines that possession or use of a Smart Phone is necessary for the health or well-being of the student.
- (4) When the possession or use of a Smart Phone is required in a student's individualized education program.
- (5) Student is on an athletic team that is going to depart of a game, in which student will unlock their pouch in the main office or prior to getting on the bus.
- (6) Seniors with off campus lunch passes will unlock their pouches by a Campus Assistant who checks their ID at the exit gate.
