

Vision

Students will build their knowledge of law to address the needs of society and serve those who need guidance and assistance in their search for justice and fairness.

Mission

Students will develop strong communication skills, identify issues with justice and equity in society, and become well-informed agents of change in their community.

Community Partners/WBL Experiences/Highlights/ Certifications or Dual Enrollment

- San Joaquin College of Law
- Superior Court Judge Mark Cullers
- Melissa White, general counsel for Trinity Foods
- Fresno City College 2+2+3 Law Pathway Program
- Mock Trial
- Youth Court

Outcomes of Law & Social Justice Pathway

- **Ethical Decision Making** – Students will demonstrate knowledge and competence in making appropriate decisions with respect to the relevant laws, as well as their intended application to the situation.
- **Persistence and Adaptability** – Students are knowledgeable of diverse populations, and possess the intrinsic motivations and desires to work within diverse groups or situations to solve problems.
- **Communication and Collaboration** – Students are well-versed in multiple forms of verbal and non-verbal communication, and effectively convey their ideas to diverse audiences as needed, in order to de-escalate situations or accurately synthesize relevant legal information.
